

Habitat
for Humanity[®]
of Archuleta County

**CELEBRATING
30 YEARS**
of supporting
workforce families in
Archuleta County

OUR STATEMENT OF INTENT

Our purpose is to build a strong and stable community by creating and preserving affordable homeownership opportunities for Archuleta County residents.

To do so we promote, support, and create affordable homeownership opportunities throughout Archuleta County.

We empower families to contribute and collaborate with Habitat Archuleta in achieving housing for all. Working with local contractors, volunteers, donors, and families, we will build a strong and sustainable community.

Over the next 5 years, we commit to building 15 homes and acquiring affordable mortgages for 25 additional families who share our values.

Together, we will change lives while creating a prosperous community in Pagosa Springs and Archuleta County.

**“If you don’t have
anything in a
community to
provide for the
workforce, there may
not be a community
eventually.”**

BUILDING

HOMES, COMMUNITY, & HOPE

Revenue & Support

For the year ended June 30, 2023

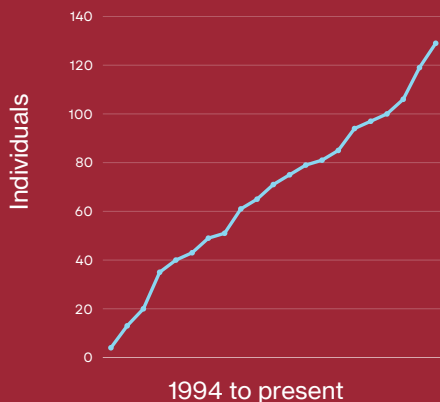

EXPENSES

Nonprofits typically aim to spend 70% of their expenses on the programs they offer.

Habitat Archuleta allocates 92.4% of annual revenue on the programs we offer: building new homes, repairing existing homes, and packaging rural development mortgage loans.
